

## Neck's Best Thing®

Neck's Best Thing® is the first patented adjustable collar. This 12" x 28" collar can be custom cut to meet any size requirement of any animal. One collar can be cut into multiple collars. This collar can be used to wrap necks, appendages, torsos, etc. The collar is weatherproof, hand washable and lightweight. Excellent replacement for the Elizabethan type collars. It won't block the animal's vision or scare them.

**Fits Dogs, Cats, Larger Birds, Horses and Other Pets.**

The NBT® exterior is made of a soft loop material with 2" Velcro hook straps for easy adjustments. The non-toxic foam is safe and durable with pre-cut grooves, allowing the caregiver to custom fit the collar to the desired length and circumference. This one-of-a-kind design allows for maximum ventilation while still providing superior support and comfort—something you won't find in other collars.

## Advantages for Veterinarians

- Reduce inventory of multiple sizes. One NBT® sheet cuts into different sizes. One collar fits ALL. You determine the length and width required with a pair of scissors!
- Cuts into virtually any shape. Can be cut to fit around the animals neck, legs or mid-section!
- Use as an IV splint, protect a wound while it heals, create an emergency splint, use as therapeutic joint support, use as a shunt or neck brace, prevent animal from scratching effected area, prevent animal from pulling at stitches and/or licking wounds. The NBT uses are endless!
- Easy to apply and remove.
- Allows easy access to apply topical solutions.

## Advantages for Pet

- Protect animal's wound by not allowing the pet to bite, chew, scratch or lick afflicted area.
- Allows time for wounds to heal without inducing secondary trauma.
- NBT® Collar is relatively thin, so the pet is able to eat, drink and sleep in comfort.
- Less distracting because the collar is not visible to the pet.
- Gives pet freedom to go about daily activities with fewer distractions.
- Minimally impacts mobility, unlike other surgical collars.
- Soft and lightweight reducing stress to the pet.

## Testimonials

**"The photo is of my daughter's dog. He got into a fight with two other dogs and lost. They had a cone collar on him and he couldn't lie down. We got the NBT® collar on him and is now lying down resting."**

**-Dennis Olson**

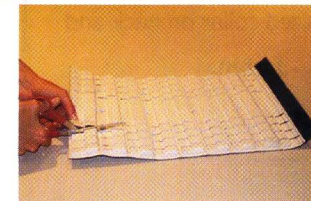

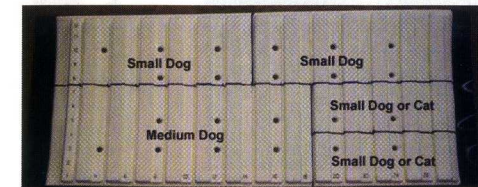

## 5 Collars From One!

**Example of effective use of collar:**

One medium dog with 20" neck

Two small dogs with 14" neck

AND Two cats or small dogs

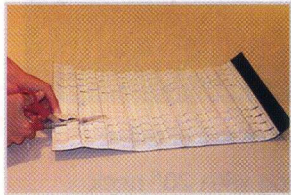

## SIZING INSTRUCTIONS

1. Measure circumference of neck and add 1-1 1/2".

2. Measure from top of neck to shoulder.

3. Cut collar along perforated edges.

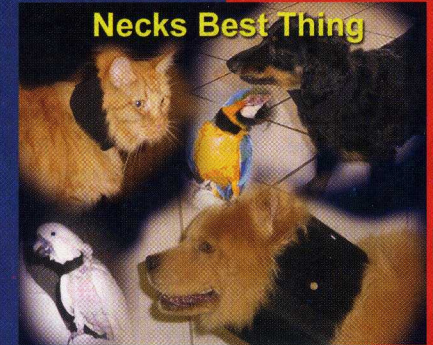

4. Place sized collar on neck and fasten.

The NBT® is manufactured by Hagar Collars, Inc.
